

PMB-S
Pneumatic Clamp

Technical Data	
Clamping movement	Single action air cylinder
Vertical clamping way	4 mm
Max. thickness of work piece	Through elevation adjustment of clamp up to 20 mm
Width of clamp	15 mm
Air pressure connection	Up to 6 bar
Clamp pressure	300 N at 6 bar
Dimension L x W x H	98 x 45 x 42 mm
Weight	460 g
Order No.	90-60-011

General Information	
Description	
• Compact pneumatic clamp with vertical movement • Ground connection to the clamp • In- and output of the work piece only from the front side	

Issue 04/08
(Technical data may change)
